**CONTENTS**  
1 fl oz / 30 m

### ACTIVE INGREDIENTS

Organic Sea Fenel, Low molecular weight hyaluronic acid, Organic Ulva lactuca

### RECOMMENDED USE

Every morning and evening, smooth on a few drops of serum to face and neck in light circular motions. Then apply KENZEN TRUE Elements® Moisturizing Face Cream. (You may wish to rotate Youth Activ Serum with Revitalizing Serum and use one in the morning and the other at night, depending on preference.)

## YOUTH ACTIVE SERUM

PRODUCT CODE: 2042

This light serum is rich in marine extracts and hyaluronic acid to help prevent the skin from premature aging and to strengthen its barrier function. This advanced formula not only helps skin to regenerate properly but also to function optimally. Working from within, the combination of marine botanicals helps stimulate collagen synthesis for smooth and supple-looking skin. As skin ages, pigmentation changes and dark spots may appear. This formula helps decrease the appearance of those spots.

Our newly improved KENZEN TRUE Elements® formulation ensures the use of pure, clean, natural ingredients harvested from the high-quality seawater of the Iroise Sea. Harvesting methods by hand or by boat are designed to preserve resources and maintain a low carbon footprint through local distribution of raw organic ingredients.

The addition of COSMOS to our Ecocert certification elevates our organic requirements to be more eco-friendly not only in choice of ingredients but also with regards to textures and fragrances. KENZEN TRUE Elements® is committed to using no GMOs, pesticides, parabens, polyethylene glycol (PEG), silicone, dyes, aroma, controversial ingredients, gluten, alcohol or aluminum salts.

- Iron- and vitamin C-packed green macro-alga helps strengthen skin
- Helps decrease the appearance of dark spots
- Promotes smooth, firm texture for healthy-looking skin
- Designed to help skin defend against premature aging
- Delicate and powdery fragrance from organic marine sources
