

KENKO SEAT®

PRODUCT CODE: 1281

The Kenko Seat® promotes correct posture whilst the Rubberthane gives you a relaxing massage and facilitates circulation while sitting. A combination of NIKKEN® technologies, including Tourmaline, that helps duplicate the natural effects of nature that give us a feeling of well-being.

Its exterior is covered by spacer fabric, a three-dimensional fabric formed by two joined fabrics that, in turn, are separated by a spacer component, this creates a microclimate with a ventilated layer of air, which allows the release of humidity.

- Provides support and comfort while sitting
- Allows air circulation, helping to disperse heat generated by the body
- Rubberthane with a nodule structure on the surface for a massaging effect
- Lightweight and flexible that allows it to be installed on any chair

WARNING

If you use a medical device such as a pacemaker or a magnetically sensitive device such as a surgical implant, do not use or wear magnetic products. Women in the first trimester of pregnancy, or anyone who has health problems should first consult your doctor before using magnetic products. Do not place magnetic products in direct contact with magnetically sensitive items such as watches, credit cards, portable electronic equipment, USB etc.

CARE INSTRUCTIONS

In case of stains: Make a mixture of water and neutral soap (0.5% soap, 95% water). Do not use volatile solvents such as: acetone, cleaning fluids, bleach, chlorine, etc. Dampen a soft sponge or similarly colored cloth and gently sweep over the stain in circular motions.

To wash the outer cover, remove the dirty cover from the Kenko Seat® and immerse it in a large container with mild soap and water. Apply gentle movements for approximately 5 minutes until clean and rinse with clean water. Do not squeeze or twist and let it dry in the shade so it does not affect its hue.

Lightweight and Flexible
100% Natural Latex Core
Breathable for ventilation
Durable 100% nylon cover

DIMENSIONS

43cm x 101cm x 3cm (16.7" x 39.7" x 1.15")

GAUSS RATING

800 gauss each

MATERIALS

Latex, ferrite magnets, nylon

WARRANTY

Six months Nikken standard limited warranty.

1. Spacer Fabric Cover
2. 30 x Ferrite Magnets, 800 Gauss each
3. 18 x Tourmaline
4. Rear Anti-Slip Rubber
5. Massage effect
